

UNION SEEKS AID FOR NAVAL MACHINISTS

Curtailment of Navy Yard Force
Brings Attempt to Find
Places for 125 Men.

The legislative and executive committees of the Columbia Union, No. 12, Navy Yard Machinists, will meet tomorrow afternoon at the Naval Lodge building to discuss the forthcoming discharge of 125 employees and to aid the men in finding new employment. Formal notification has not been given to the men slated for discharge, though lists of those who are to go have been submitted to the secretary of the Navy. Members of the machinists' organization said today that they thought there was nothing they could do toward saving the men their places.

"We have had committees working on this matter for some time," said N. P. Alfass, president of District 44, International Association of Machinists, with which Navy Yard employees are affiliated. "We have been endeavoring to bring more work to the Navy Yard to keep the men employed, but this field is about exhausted."

Mr. Alfass will be unable to attend tomorrow's meeting, as he is scheduled to go to Boston, where there has been talk of discharging Charleston Navy Yard employees. He believes, however, that no change will be made in that yard for the present.

Boy Makes Daring Escape From Training School

Edward Richardson, eighteen years old, and Virgil Zimmerman, twenty years old, inmates of the National Training School for Boys, made a dash for liberty last night about 8:30 o'clock. When the exercises in the chapel were over and all the boys filed out into the yard, Richardson and Zimmerman broke ranks and ran for the road. The former was quickly apprehended, but Zimmerman made good his escape and is still enjoying freedom. The police are searching for him.

SYMPATHY FAILS OF TANGIBLE FORM

Friends of Mrs. Lockwood Work
Hard, But Fund for Her Needs
Grows Slowly.

A number of people have called on Mrs. Belva A. Lockwood, in an effort to aid in the rescue of her property. Expressions of sympathy contained in telegrams and letters from all over the United States are many, but no one has come forward with a concrete

offer to actually provide the money to release the property on F street, which is security for the payment of a judgment against her for \$10,000. A telegram from Chicago received yesterday stated that a number of women were engaged in her behalf in that city, and hopes are entertained that something definite will be known within a few days.

Mrs. Lockwood is very feeble, physically, and the strain of the situation has so distressed her mentally that she finds difficulty in concentrating her thought upon obscure subjects. As she herself said: "Since this trouble has come upon me, I seem to be unable to help myself—I need my friends to think for me."

Fined on Food Charges.

Notices of judgment against shippers of products adulterated and misbranded in violation of the food and drugs act, made public today by the Department of Agriculture, show fines totaling \$1,420 against offenders. The fines against thirty-four shippers prosecuted ranged from \$200 to \$5.

Lived Here Whole Life.

The funeral of Samuel S. Hoover, who died at his late residence, 1118 Ninth street northwest, last night, will be held on Monday afternoon at 2 o'clock. The Rev. Joseph T. Kelly, pastor of the Fourth Presbyterian Church, Mt. Pleasant, will officiate at the burial in Glenwood Cemetery. Mr. Hoover was seventy-one years old, and lived in this city his entire life.

The Laundry Where Quality of Work
and Service Goes Hand in Hand

Our improved filler for table linen gives it a body, brings out the pretty patterns on the right side and causes the cloths to drape gracefully over the table. The tablecloths do not soil as easily when this filling is used, and an old cloth has the appearance of being new.
